

12th September 2024

Dear Parents and Carers,

Autumn Term Enrichment Timetable

I would like to share this terms enrichment timetable (please see attached).

At Warlingham School & Sixth Form College, we would like all students to participate in extra-curricular activities, which offer students the opportunity to broaden their horizons and develop their skills and interests further.

All students can benefit greatly from participating in enrichment activities. Being part of a club can often boost students' self-confidence, enable them to connect with others and helps create a sense of belonging within our school community. Students will also develop a range of transferable skills, such as self-motivation, effective communication, teamwork and leadership skills, to name but a few. All of which will help prepare them for life beyond school and are particularly useful to add to work experience or college applications, later down the line.

We have a range of sporting, academic, and creative enrichment opportunities to choose from. Please discuss the importance of enrichment with your child and encourage them to participate and try something new.

Yours sincerely

Miss C. Penston

Enrichment and DofE Coordinator
